

LOVE THAT MAN!

REMIX 2023

Revised Lyrics

All music, lyrics & arrangement by Joanna Bates
(Guitar: Phil Bates)

We're on our way to better days
All our troubles gonna vanish in the haze
We got the will to make it right
Only had to take a look to see the light

Oh, Love that man - any way you can
Love that man-a-a-a-a-n

We're workin' hard - we're movin' on
All that underhand duplicity is gone
Got somethin' real - got somethin' good
Heaven knows it really feels the way it should

Oh, Love that man - any way you can
Love that man-a-a-a-a-n

Guitar solo - x8

Oh, oh, oh, oh, oh, oh
(vox a capella 3 part)

We're on the road - the sun is high
No more questions, or a need for askin' 'why'
We're motivated - know where we're bound
Move on up until we find that higher ground

Oh, Love that man - any way you can
Love that man-a-a-a-a-n
Oh, Love that man - any way you can
Love that man-a-a-a-a-n
